In keeping with its mission and philosophy, Madison Area Technical College believes that student involvement in co-curricular activities is essential to the development of well-rounded individuals. The Student Activities Board will oversee a comprehensive student activities program that meets the needs of an ever-changing and diverse student body. These activities shall be recreational, vocational, and educational and shall facilitate the students' social, emotional, and developmental growth. By providing these activities, the Student Activities Board will significantly contribute to the realization of the college's mission and students' educational and personal aspirations.
