

Madison Area Technical College Presents:

Career Pathways Implementation Training

November 4, 2008

8:00-3:30

MATC-Truax

Learn How To:

- ◆ Develop programs of study
- ◆ Implement programs of study for students and parents
- ◆ Incorporate local, state and national requirements
- ◆ Crosswalk courses with the nationally validated knowledge and skills statements

MATC faculty will be on hand to answer your questions about post-secondary connections!

Presenter:

Dr. Ann Benson was one of the technical coordinators/writers for developing the sample programs of study for the national model. She is a nationally recognized presenter on the development and implementation of career clusters, pathways and programs of study.

To register, send an email to Techprep@matcmadison.edu or call D'Ann Zickert at 243-4650.
