## Wisconsin Retirement System After Tax Additional Contributions

I authorize a MATC Payroll Deduction of \$ \_\_\_\_\_ on the first and second Payroll of each month. No deduction will be made on the 3rd check in any month.  
My Current WRS election is:

\_\_\_\_\_ **100% Core Fund**

\_\_\_\_\_ **50% Core Fund/50% Variable Fund**

Additional Contributions are deposited on the same Fund(s) as your current employer/employee contributions which are both paid by MATC.

I understand that the contributions are credited to my WRS account on January 1 of the year following payroll deductions, (i.e.), deductions made in calendar year 2008 will be on the January 1, 2009 Account Balance Statement.
